This agreement is reviewed annually and if mutually agreeable, renewed to specify the variables for the current year including number of students per season, method of recruitment and any other additional term which may change annually.

***General understanding:***

The WISE Work and Travel Programs purpose is to enable the Exchange Visitor a better understanding of United States culture and society and to enhance American knowledge. As an employer for this program, or as an organization considering participation in this program, you are an important part of this cultural exchange experience. There are some key steps, in cooperation with WISE and the participants that you can take to maximize your benefit and enjoyment of the program while meeting the overall program requirements. The regulations, key steps and Host Employers’ requirements of the program are described in detail in our Host Site Manual, which has been provided to your organization.

Ensuring participants work side by side with Americans and have contact with American clientele is an integral part of the participant’s success and a requirement of the program. In addition any guidance you can give the participants regarding cultural exchange activities in your area, including but not limited to museums, sporting events, festivals, and events unique to your area will lead to further success in the program. While not required some employers take it upon themselves to arrange cultural activities for their participants. These employers have found this to be a highly beneficial and enjoyable aspect of the Work & Travel Program.

1. Host Employer agrees to notify WISE in case of any issues related to the welfare of the participants, or if the participants are not meeting their obligations to the Host employers.
2. In order to properly document a participant's misconduct, violation of a policy, or lack of performance, WISE encourages employers to document each infraction and share with us so that we can assist employers in managing the participant's program. If a student is terminated from employment, WISE will need all the documented infractions or write-ups, so we can properly make a decision on the student's continued sponsorship status. The following is just a suggestion on how your company could handle the write-up process and escalation of disciplinary actions. It is not intended to replace your current employment policy. As a general guideline for documenting participants, WISE recommends the following process:
  - o 1<sup>st</sup> warning – Verbal, counseling, training or a new explanation on how to perform the job or specific task.
  - o 2<sup>nd</sup> warning – 1<sup>st</sup> written warning explaining the problem that needs immediate improvement and re-training the employee.
  - o 3<sup>rd</sup> warning – 2<sup>nd</sup> written warning, explaining the deficiency, express this cannot happen again, and re-train if necessary.
  - o 4<sup>th</sup> warning – 3<sup>rd</sup> and final warning, or dismissal letter. Contact WISE and send us the documentation on every stage of warnings. The WISE will contact the participant in an effort to assist the participant in being an asset to Host Sites team as well as setting them up for a successful cultural exchange experience.
