Dear Employer

By completing this job offer form, you are agreeing to hire an international student coming to the US on a J-1 visa called the Summer Work/Travel program. CCUSA Work Experience is a designated sponsor for this J-1 visa and provided that this participant fully enrolls on our program and we are able to verify this job offer, will be his or her sponsor for the upcoming season.

As an employer of a J-1 Summer Work/Travel participant, you have obligations to the participant and the sponsor in order to comply with the visa regulations. These are:

1. Fully complete this job offer form, provide the endorsement/cover page of your worker's compensation insurance policy, your current business license and answer all questions required during the verification process. Please note: you, the employer, should be completing this form and NOT the participant or some third party. CCUSA does not recommend that you work with third parties to hire your J1 participants. If you do, all changes to the participant's job or other conditions can only be approved by CCUSA.
2. Fully intend to employ this participant upon his/her arrival in the United States. Please do NOT complete this form as a favor to anyone so that a participant can obtain a visa. As the sponsor, CCUSA will expect you to stand by your employment offer. If you are unable to do so because of work conditions, you must contact CCUSA immediately. Please indicate on the job offer ALL the conditions you have for the job offer.
3. Fully intend to give the number of hours indicated on the job offer. Participants need to work enough hours to offset the costs of the program but cannot work so many hours that they are not able to complete the required cultural activities.
4. Provide an efficient and responsive way for CCUSA to communicate with you before and during the program. We prefer a working email or direct line to the person responsible for hiring and/or supervising the participant.
5. Agree to communicate with the participant's sponsor in a timely fashion for:
 - a. The job verification process. We will contact you by email and phone but if do not hear back from you within a week will reject the job offer. Please make sure the contact details we give you are current and active. Give alternatives if your business is not open during specific times of the year.
 - b. Confirming the arrival of the participant within a few days of the scheduled job start date
 - c. Assisting the sponsor to remind the participant to complete their program validation within the 10 day required time
 - d. Assisting the sponsor if necessary with each required 30 day check in procedure
 - e. Informing the sponsor if the participant does not initially show up for the job as scheduled and if the participant should be fired, laid off or quit during the stated job offer dates.
 - f. When possible, provide activities that will qualify as the cultural activities required by the visa.

CCUSA Work Experience is the sponsor for this participant and bears the responsibility of communicating to the US government about the participant's whereabouts and program experiences. However, as the employer, you do play a very important role in the visa process. Most participants are not allowed to come on the program without a pre-arranged job that the sponsor has fully verified. You are not on record with the US government as the sponsor for the participant and your role as verified employer can also be changed if you are unable to employ the participant.

Our website – www.ccusa.com does provide basic information about the program. Click on the Employers/Work Experience USA program tab. On the Employer Support page you will find important information about a variety of topics, including Social Security cards, deducting payroll taxes, program rules and regulations and employer support information.
